

Luxury Equestrian Stable — Concept Design Package

Project Information Sheet — Technical Appendix Cover

Project	Private Luxury Equestrian Stable — Concept Redesign
Site area	40.00 m × 50.00 m = 2,000.00 m²
Program scope	40 scheduled spaces: stalls, veterinary/isolation rooms, feed and service rooms, paddocks, worker accommodation, men's majlis and WC, outdoor majlis, private bedroom/bathroom suite, parking apron
Design status	Concept design — geometrically validated, owner-confirmed, not yet reviewed by a licensed engineer of record
Source of truth	design/scripts/model.py (single coordinate model; every drawing, schedule, and report in this package is generated from it)
Validation status	PASS — 27 checks passed, 0 failed, 1 disclosed warning(s)

Sheet Index

01	Project Information (this sheet)
02	Key Metrics & Area Summary
03	Master Plan (Premium Vector Cutaway)
04	Room Schedule

Concept plan only. Not for construction or permit use until reviewed and approved by a licensed local architect/engineer, MEP/civil engineer, and fire/life-safety consultant.

Key Metrics & Area Summary

All figures computed live from model.py and validation_report.json

Site area	2,000.00 m²
Total scheduled area	1,648.01 m²
Site coverage	82.4%
Total spaces	40
Validation status	PASS (27 checks, 0 failed)

Area by Function

Function	Count	Area (m²)	% of scheduled area
Paddocks	2	637.84	38.7%
Horse Stalls (Standard)	20	281.25	17.1%
Arrival / Motor Court	1	187.50	11.4%
Fire Lane / Service Lane	1	125.00	7.6%
Men's Majlis	1	65.92	4.0%
Outdoor Majlis / Sitting	1	65.92	4.0%
Service Yard	1	65.66	4.0%
Parking Apron	1	44.00	2.7%
Horse Stalls (Premium)	2	32.00	1.9%
Worker Bedroom	1	28.00	1.7%
Veterinary / Isolation Rooms	2	28.00	1.7%
Private Bedroom	1	18.16	1.1%
Service Room	1	18.00	1.1%
Feed Room	1	16.00	1.0%
Worker Kitchen	1	14.00	0.8%
Private Bathroom	1	9.66	0.6%
Worker Bathroom	1	8.00	0.5%
Men's WC	1	3.10	0.2%

Dimension Chain Verification

Chain	Sum	Target	Result
Horizontal (X)	40.00 m	40.00 m	PASS
Vertical (Y)	50.00 m	50.00 m	PASS

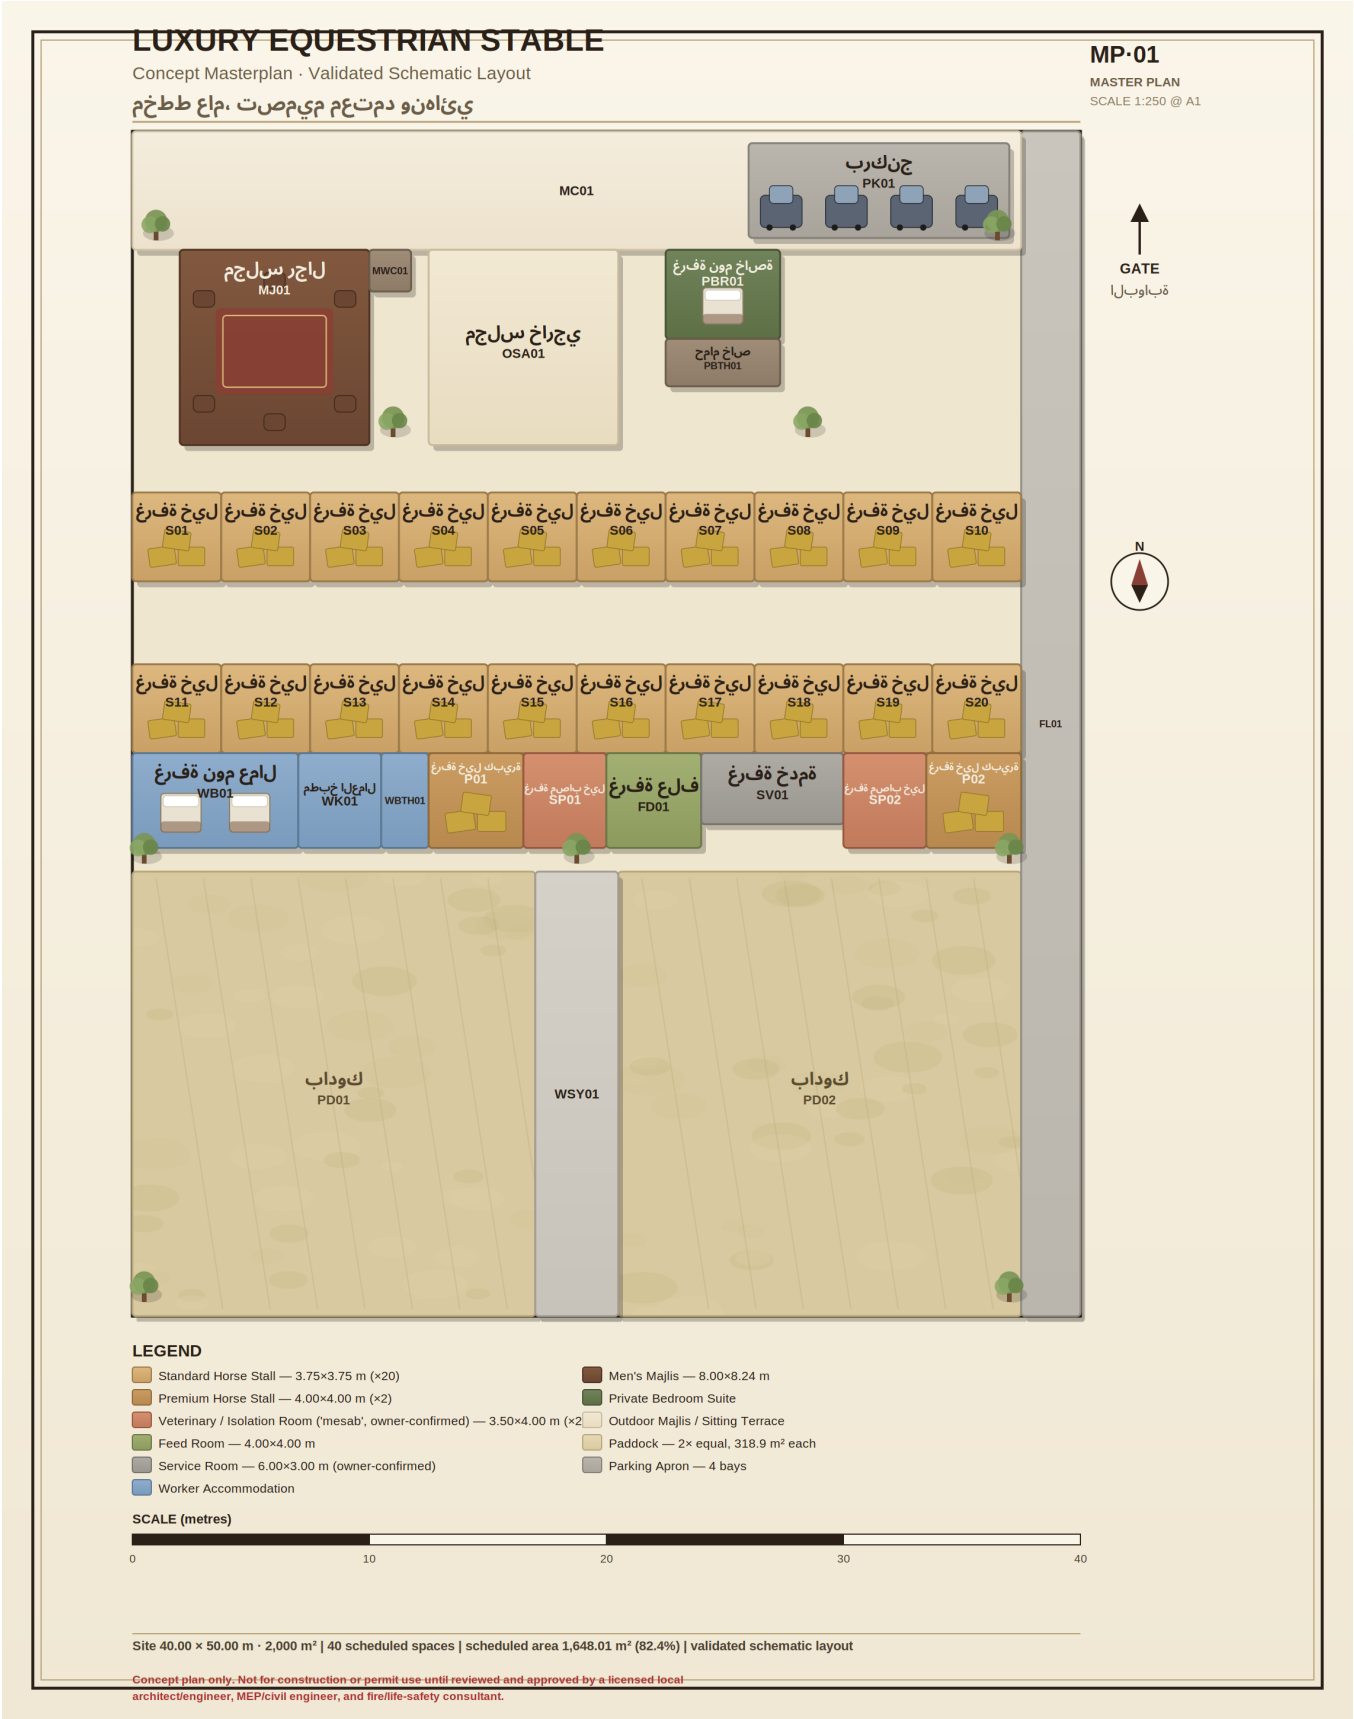

Disclosed Warnings (documented trade-offs, not defects)

- Worker kitchen (WK01) and worker bathroom (WBTH01) were narrowed this pass (4.50->3.50m and 3.00->2.00m respectively) to fit the owner-confirmed 6.00m-wide service room into the wing band. Neither room has a source-mandated size, so this is a disclosed redesign trade-off, not an open question.

Concept plan only. Not for construction or permit use until reviewed and approved by a licensed local architect/engineer, MEP/civil engineer, and fire/life-safety consultant.

Master Plan

Premium vector cutaway — generated directly from model.py coordinates

Concept plan only. Not for construction or permit use until reviewed and approved by a licensed local architect/engineer, MEP/civil engineer, and fire/life-safety consultant.

Room Schedule

All 40 scheduled spaces — generated from model.py
